2015 Programme

Walks for next year's programme are coming in well - and thanks to all who have already entered their walks - but we are still only about a third of the way towards filling the programme.

I admit I'm one of the guilty ones who hasn't yet put any in! It would be good, though, if we could all get on with it. The final date is the end of September but if we can fill the programme up before then we will be able to add extra walks on some dates - short against long or vice versa, or rural against urban for example - and this would help give our programme wider appeal.

And it would be good if you could encourage, and perhaps help, friends who haven't led walks before to make a start for next year.

We look forward to a rush of entries soon!
